matters+ Community Roundtable

2020-11-27 - James Mact - Comments (0) - Blog

A special thanks to all of our clients that attended the first matters+ Community Roundtable yesterday. The event allowed for informal discussions surrounding lockdown challenges, how matters+ has helped, and future product developments. Our attendees even got a surprise goodie bag in the post (see below...).

Be on the lookout for future events such as this. We are incredibly excited with the direction in which our platform is headed and we value every single contribution from our clients.

If you're interested in learning more about matters+ and how our platform could revolutionise the way that your legal function operates, get in touch!
